

39 Wāhi Tūpuna

39.1 Purpose

The purpose of this chapter is to assist in implementing the strategic direction set out in Chapter 5 Tangata Whenua in relation to providing for the kaitiakitanga of Ngāi Tahu as manawhenua in the district. Through the identification of wāhi tūpuna the management and protection of these areas can be more clearly considered in decision making.

This chapter implements the strategic direction of Chapter 5 by:

- a. identifying specific wāhi tūpuna areas with an overlay on the planning maps;
- b. setting out objectives and policies relating to subdivision, use and development within this overlay; and
- c. identifying recognised threats that may be incompatible with values for each specific area in Schedule 39.6 to this Plan.

Whilst specific wāhi tūpuna areas and values have been identified, it is acknowledged, that Ngāi Tahu regard the whole of the district as its ancestral land. Many urban areas within the district are valued by manawhenua, however, the extent of development within these areas means many of these values have been reduced.

A glossary of terms and explanation of key principle for Ngāi Tahu are set out in Chapter 5.

39.2 Objectives and Policies

39.2.1 Objective - The values held by manawhenua, in particular within wāhi tūpuna areas, are recognised and provided for, and considered as part of decision making.

Policies

- 39.2.1.1 Recognise that the following activities may be incompatible with values held by manawhenua where ever they occur within the District;
- a. Mining and mining activities, including gravel extraction;
 - b. Landfills;
 - c. Cemeteries and crematoria;
 - d. Forestry;
 - e. Removal of indigenous vegetation from significant natural areas (SNA); and
 - f. Wastewater treatment plants.
- 39.2.1.2 Recognise that the following activities may be incompatible with values held by manawhenua when the activity includes activities or effects that are a recognised threat and could result in the modification, damage or destruction of values held for an identified wāhi tūpuna area, as set out in Schedule 39.6:
- a. Activities affecting water quality, including buildings or structures in close proximity to waterbodies;

- b. Earthworks which exceed 10m³;
- c. Buildings and structures;
- d. Forestry, except for Plantation Forestry where the Resource Management (National Environmental Standard for Plantation Forestry) Regulations 2017 prevails;
- e. New roads, additions/alterations to existing roads, vehicle tracks and driveways;
- f. Activities that affect a ridgeline including buildings and structures, and activities on the upper slopes;
- g. Commercial and commercial recreational activities;
- h. Activities within Significant Natural Areas;
- i. Subdivision and development; or
- j. Utilities and energy activities.

39.2.1.3 Avoid significant adverse effects on values within wāhi tūpuna areas and where significant adverse effects cannot be practicably avoided, require them to be remedied or mitigated.

39.2.1.4 Recognise that certain activities, when undertaken in wāhi tūpuna areas, can have such significant adverse effects on manawhenua values that they are culturally inappropriate and should be avoided.

39.2.1.5 Encourage consultation with mana whenua as the most appropriate way for obtaining understanding of the impact of any activity on a wāhi tūpuna area.

39.2.1.6 Recognise that an application that does not include detail of consultation undertaken with manawhenua may require a cultural impact assessment as part of an Assessment of Environment Effects so that any adverse effects that an activity may have on a wāhi tūpuna can be understood.

39.2.1.7 When deciding whether manawhenua are an affected person in relation to any activity for the purposes of section 95E of the Resource Management Act 1991 the Council will consider Policies 39.2.1.1 and 39.2.1.2.

39.3 Other Provisions and Rules

39.3.1 District Wide

Attention is drawn to the following District Wide chapters.

1 Introduction	2 Definitions	3 Strategic Direction
4 Urban Development	5 Tangata Whenua	6 Landscapes
25 Earthworks	26 Historic Heritage	27 Subdivision
28 Natural Hazards	30 Energy and Utilities	31 Signs

32 Protected Trees	33 Indigenous Vegetation and Biodiversity	34 Wilding Exotic Trees
35 Temporary Activities and Relocated Buildings	36 Noise	37 Designations
38 Open Space and Recreation	Planning Maps	

39.3.2 Interpreting and Applying the Rules

39.3.2.1 The identified wāhi tūpuna sites are shown:

- a. On the planning maps as an overlay; and
- b. Listed within Schedule 39.5, which sets out the specific values and recognised threats for each area.

39.3.2.2 Statutory Acknowledgement areas are listed in Section 5.8.

39.3.2.3 A permitted activity must comply with all the rules listed in the Activity and Standards tables, and any relevant district wide rules, otherwise a resource consent will be required.

39.3.2.4 Where an activity does not comply with a Standard listed in the Standards table, the activity status identified by the Non-Compliance Status column shall apply.

39.3.2.5 Where an activity breaches more than one Standard, the most restrictive status shall apply to the Activity.

39.3.2.6 For controlled and restricted discretionary activities, the Council shall restrict the exercise of its control or discretion to the matters listed in the rule.

39.3.2.7 The following abbreviations are used within this Chapter.

P – Permitted	C – Controlled	RD – Restricted Discretionary
D – Discretionary	NC – Non – Complying	PR - Prohibited

39.4 Rules – Activities

	Table 39.5 - Activity	Activity Status
39.4.1	<p>Any farm building within a wāhi tūpuna area;</p> <p>Discretion is restricted to:</p> <ol style="list-style-type: none"> a. Effects on cultural values of manawhenua. 	RD

39.5 Rules – Standards

	Table 39.5 - Setback from water bodies within a wāhi tūpuna area	Non-compliance status
39.5.1	<p>Any buildings or structures:</p> <ul style="list-style-type: none"> a. within a wāhi tūpuna area (identified in Schedule 39.5); b. where activities affecting water quality are a recognised threat; and c. within the following zones: <ul style="list-style-type: none"> i. Lower Density Suburban Residential; ii. Medium Density Residential; or iii. Large Lot Residential. <p>Shall be setback a minimum of 7m from a waterbody.</p>	<p>RD</p> <p>Discretion is restricted to:</p> <ul style="list-style-type: none"> a. Effects on cultural values of manawhenua.
39.5.2	<p>Any buildings or structures:</p> <ul style="list-style-type: none"> a. within a wāhi tūpuna area (identified in Schedule 39.5); b. where activities affecting water quality are a recognised threat; and c. are within the following zones: <ul style="list-style-type: none"> i. Rural; ii. Rural Residential and Rural Lifestyle; or iii. Gibbston Character. <p>Shall be setback a minimum of 20m from a waterbody.</p>	<p>RD</p> <p>Discretion is restricted to:</p> <ul style="list-style-type: none"> a.
