Mike Theelen
CHIEF EXECUTIVE

Invercargill Airport Ltd: Vacancy for Independent Director

Invercargill Airport Ltd (IAL) is a subsidiary company of Invercargill City Holdings (Holdco) which is a holding company 100% owned by the Invercargill City Council. IAL provides all airport related services for Invercargill and is the gateway to the city and the wider Southland region, hosting over 307,000 passengers in 2018. IAL is 97.2% owned by Holdco and 2.8% by four local Rūnaka.

Invercargill City Council and IAL, along with the Queenstown Airport Corporation and its major shareholder Queenstown Lakes District Council, see value in strengthening the connection between the airport companies with the objective of increasing economic activity for the city and wider region.

This new role is being established specifically as one of a number of initiatives to assist in building that connection. Queenstown Lakes District Council has been invited to nominate the candidate, and applications are sought from suitably qualified candidates who must reside within the Queenstown Lakes District, ideally with strong connections with tourism and local government sectors. Candidates should have governance experience and excellent stakeholder engagement skills. A full person specification is available on request.

Applications close on **Friday 8 November 2019**, and should be sent for the attention of:

Mike Theelen, Chief Executive, Queenstown Lakes District Council, Private Bag 50072, Queenstown; or via email: ceo@qldc.govt.nz

Please note; the appointment to the IAL Board will be made by Invercargill City Council in accordance with their Director Appointments Policy.

- James and Jonelle Cochrane (RM190908)

What is proposed:

Land use consent is sought to establish a residential building platform and associated access, landscaping and servicing and to construct a dwelling within the proposed building platform.

The proposed building platform is 1000m² in area and is irregular in shape, wrapping around rocky outcrops on the site. The building platform will have a height limit of 6.5m above RL 306.6masl (excluding chimneys). A range of design controls for future buildings within the platform have been proposed.

The proposed dwelling has a floor area of 460m² and comprises three distinct elements connected by a long corridor.

The formation of the driveway and the construction of the proposed dwelling will require earthworks of 972m³. Access to the building platform will be via a new driveway off West Wānaka Road. The driveway will extend northwest through existing stands of kanuka and along the foot of the terrace face before doubling back and climbing onto the terrace.

The proposed landscaping involves the planting of 267 Mountain Beech to the south east of the building platform and a vegetation protection and enhancement area covering the existing native vegetation on the terrace face to the south and east of the building platform.

The location in respect of which this application relates is situated at:

West Wānaka Station, Wānaka. Legally described as Sections 1, 6 – 7, 9, 11 – 12, 15, 26 – 28 Survey Office Plan 350038 contained in Record of Title 247772.
