November 2017

IN 1999 LAKE WANAKA ROSE BY FOUR METERS

The Wanaka CBD has a long history of flooding going back to the time of first settlement. There have been several large floods which inundated the town in the past 20 years.

If your business is in the flood area and could be affected by the next one. Otago Regional Council and Queenstown Lakes District Council provide flood warning information to help you prepare.

KEEP UP TO DATE AND STAY INFORMED

Check lake levels on the water monitoring and alerts page at: orc.govt.nz

Check the best way to prepare for a flood and sign up for community text alerts at: qldc.govt.nz

For further advice on preparing for emergencies, including flooding, go to: otago.cdem.govt.nz

HOW CAN I FLOOD PROOF MY BUILDING?

The QLDC provide guidance on how to improve the flood resistance of your business and develop an emergency operation plan.

Check out the flooding page on qldc.govt.nz for more info.
