

KEEP THE STREETS NEAT

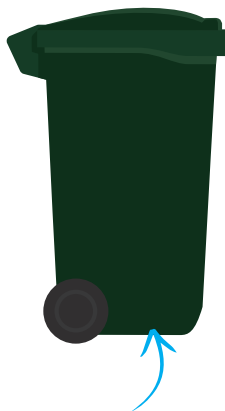

Please help keep the streets looking sharp by using the commercial rubbish and recycling collection points and following a few simple rules.

DO:

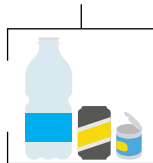

Bundle and secure all cardboard for recycling.

Put all rubbish in a wheelie bin with the lid closed flat.

*Cardboard,
paper, cans, tins,
plastic bottles
and plastic
containers 1-7*

*Glass
bottles and
jars only*

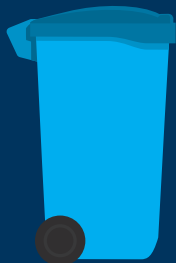

Separate your glass recycling

DON'T:

Put polystyrene in the recycling bin – it goes in the rubbish.

Put out blue bags – they won't be collected.

Please remove the wheelie bins from the street once they've been collected. Our footpaths are for people, not bins!

Put your rubbish and recycling out Monday to Friday,
3.00PM
