## 1 Convention Centre

Do you support the revised rating model for the proposed convention centre?

Yes

### Convention Centre Comments

As a central accommodation provider we support the Lakeview Site. Costs need to be controlled and risk limited. Preference for rates to be lower due to finding other income sources. Change the CBD accommodation to take in Frankton Rd / Hilton min.

## 3 Transport Planning

### 3A. Transport Planning Comments

Not sure addresses all issues - get people to park off street but build a couple of car parks close by and improve / reduce price of public - will all help - do not pedestrianise the town.

## 4 Frankton Library

### Frankton Library Comments

Only if current library does not meet the needs
